

# Help Out on State Natural Areas

## Sugar River Wetlands Workday

**Help care for Sugar River Wetlands State Natural Area!** Collect seeds from native wetland plants to scatter in areas where invasive plants have recently been removed. We'll identify several different plants and learn how to collect their seeds. This work will expand the quality wetland areas and continue the efforts started by the Upper Sugar River Watershed Association and Wisconsin DNR. No skills needed you will be trained onsite. See details below.
